

Tuesday, 24. September 2024*Scientific Session*

13:00 - 15:00

S1

Fast Track Session*Scientific Session*

13:00 - 15:00

S2

Fast Track Session*Scientific Session*

13:00 - 15:00

S3 - A

Fast Track Session*Scientific Session*

13:00 - 15:00

S3 - B

Fast Track Session*Workshop: Dialysis Pathway*

13:00 - 15:00

2.018

Tunnelled catheter insertion in haemodialysis patient*Workshop: Professional Development & Academic Pathway*

13:00 - 15:00

S4 - 2

How to write & review a paper*Workshop: Aortic Pathway*

13:00 - 15:00

S4 - 3

Endoleak management (INTERMEDIATE)*Workshop: Diagnostic Pathway*

13:00 - 15:00

S4 - 4

Varicose veins duplex - basic: ultrasound anatomy and pathophysiology (BASIC)*Coffee break*

15:00 - 15:30

S1

Coffee Break*Scientific Session*

15:30 - 17:30

S1

Fast Track Session*Scientific Session*

15:30 - 17:30

S2

Fast Track Session*Scientific Session*

15:30 - 17:30

S3 - A

Fast Track Session

Scientific Session

15:30 - 17:30

S3 - B

Fast Track Session*Workshop: Diagnostic Pathway*

15:30 - 18:00

2.015

Ultrasound physics at a glance (BASIC/INTERM.) - Preparation for CCVUS*Workshop: Carotid Pathway*

15:30 - 18:00

S4 - 1

Carotid artery stenting (ADVANCED)*Workshop: Aortic Pathway*

15:30 - 17:30

S4 - 2

Acute aortic syndrome (ICD) (BASIC)*Workshop: Aortic Pathway*

15:30 - 17:30

S4 - 3

Open AAA repair: basic*Workshop: Diagnostic Pathway*

15:30 - 18:00

S4 - 4

Varicose veins duplex - pathology scanning and treatment planning by US (BASIC)

Wednesday, 25. September 2024*General Session*

08:00 - 08:25

S2

AGM*Workshop: Carotid Pathway*

08:00 - 10:00

S3 - A

Carotid thromboendarterectomy (BASIC)*Workshop: Venous Pathway*

08:00 - 10:00

S3 - B

Endovenous treatment of chronic venous insufficiency: RF and glue - Ultrasound (BASIC/INTERM.)*Workshop: Professional Development & Academic Pathway*

08:00 - 10:00

S4 - 1

collaborative session with NOTSS (part 1)*Workshop: Professional Development & Academic Pathway*

08:00 - 09:00

S4 - 2

Overview of the FEBVS Exam and how to pass it*Workshop: Aortic Pathway*

08:00 - 10:00

S4 - 3

Open AAA complex (ADVANCED)*Workshop: Aortic Pathway*

08:00 - 10:00

S4 - 4

Planning and Sizing EVAR (BASIC)*ESVS Symposium*

08:30 - 09:55

S1

Vascular Surgery in Central Europe*ESVS Symposium*

08:30 - 09:25

S2

Peripheral Arterial Disease Innovations in 2024**Innovations in best medical treatment**

08:30 - 08:43

Biodegradable stenting

08:43 - 08:56

TBC

08:56 - 09:09

How BEST CLI and BASIL-2 have changed my practice

09:09 - 09:22

E-poster Session

08:30 - 10:00

POSTER AREA

e-Poster Session*Workshop: Professional Development & Academic Pathway*

09:00 - 11:00

S4 - 2

Academic station of FEBVS

Coffee break

10:00 - 10:30

S1

Coffee Break*Scientific Session*

10:30 - 11:55

S1

Prize session*ESVS Symposium*

10:30 - 11:25

S2

Registry Data that changed my practice: from head to toes**Does protamine reduce serious bleeding complications after carotid surgery?**

10:30 - 10:41

Women and Carotid Surgery. Are there sex related differences?

10:41 - 10:52

Hospital volume, Centralisation and Aneurysm repair...Has it any impact on results?

10:52 - 11:03

Can Vascular Registry Data influence Clinical Practice Guidelines?

11:03 - 11:14

International variations in amputation data collection

11:14 - 11:25

E-poster Session

10:30 - 12:00

POSTER AREA

e-Poster Session*ESVS Symposium*

11:30 - 12:25

S2

Sherlock Holmes Session: The Most Challenging Diagnostic and Extraordinary Cases**Diagnostic and therapeutic challenging case on acute lower limb ischaemia**

11:30 - 11:30

Wild ruptured aortic aneurysm case with surprises after every corner

11:30 - 11:30

TBC

11:30 - 11:30

EVST Session

12:00 - 12:55

S1

Overcoming challenges in vascular surgery training**Burnout and vascular training**

12:00 - 12:00

Survey regarding vascular surgery trainees' satisfaction

12:00 - 12:00

Leadership as a tool to a Vascular Surgeon

12:00 - 12:00

Mentorship programme

12:00 - 12:00

E-poster Session

12:00 - 13:00

POSTER AREA

e-Poster Session

ESVS Symposium

12:30 - 12:55

S2

Equality Diversity Inclusion (EDI), time for change?**Introduction of the ESVS EDI TF team and main objectives**

12:30 - 12:37

Live discussion with the audience (using results of the ongoing research and experiences of our panelists)

12:37 - 12:55

Lunch break

13:00 - 14:00

S1

Lunch Break*General Session*

14:00 - 14:30

S1

Presidential Address*E-poster Session*

14:00 - 15:00

POSTER AREA

e-Poster Session*Workshop: PAD Pathway*

14:00 - 16:00

S3 - A

Vascular anastomosis: fem - pop +/- crural bypass (preselection) (BASIC & INTERMEDIATE)*Workshop: Venous Pathway*

14:00 - 16:00

S3 - B

Treatment of Pelvic Venous Disorders - embolization or stenting: when and how (INTERM./ADVANCED)*Workshop: Professional Development & Academic Pathway*

14:00 - 16:00

S4 - 1

collaborative session with NOTSS (part 2)*Workshop: Professional Development & Academic Pathway*

14:00 - 16:00

S4 - 2

Clinical viva-voce (part 1)*Workshop: Aortic Pathway*

14:00 - 16:00

S4 - 3

Endovascular repair of aortic arch (ADVANCED)*Workshop: Diagnostic Pathway*

14:00 - 16:00

S4 - 4

Arterial duplex of the lower limb (INTERM./ADVANCED)*ESVS Symposium*

14:30 - 15:55

S1

Abdominal Aortic Aneurysm roundtable: An Intentionally controversial discussion**Is there a correct AAA volume threshold for planning a vascular service?**

14:30 - 14:45

Pre-emptive sac management is the way to improve EVAR outcomes

14:45 - 15:00

Management of the established type 2 endoleak is not a waste of

15:00 - 15:15

resource

How I make open aneurysm repair safe and tolerable for most 15:15 - 15:30

Choosing the right complex graft- making sense of it all 15:30 - 15:45

ESVS Symposium

14:30 - 15:55

S2

A Dive Deep Into the Venous System To Find the Holy Grail of Veins

This is a massive iliofemoral DVT. Doctor, please help! 14:30 - 14:44

Disabling post-thrombotic syndrome, facts and fiction in invasive treatment 14:44 - 14:58

Dedicated venous stents: did they bring what they promised? 14:58 - 15:12

The European Research Hub venous registry is the way to move forward 15:12 - 15:26

Should we be moving to Mechanical Thrombectomy and forgetting lytics? 15:26 - 15:40

Treating the swollen limb 15:40 - 15:54

E-poster Session

15:00 - 16:00

POSTER AREA

e-Poster Session*Coffee break*

16:00 - 16:30

S1

Coffee Break*ESVS Symposium*

16:30 - 17:25

S1

You Won't Believe Your Eyes: Extraordinary Cases in Vascular Surgery*ESVS Symposium*

16:30 - 17:25

S2

Vascular Access 2024

Strategy for a successful vascular access outcome: fistula first or patient first? 16:30 - 16:43

Surgery is over and endo-AVF is the procedure of choice - the new gold standard, but which device? 16:43 - 16:56

Prosthetic grafts are far from getting obsolete, particularly those that are used immediately because they ensure our patients stay catheter free. 16:56 - 17:09

Time for complications, but could they have been avoided in the first place? 17:09 - 17:22

E-poster Session

16:30 - 17:30

POSTER AREA

e-Poster Session

| | |
|--|--------|
| <i>EVST Session</i> 16:30 - 18:30 PAD Triathlon (EVST) | S3 - A |
| <i>Workshop: Venous Pathway</i> 16:30 - 18:30 Endovenous laser treatment of superficial venous insufficiency (BASIC/INTERM.) | S3 - B |
| <i>Workshop: Professional Development & Academic Pathway</i> 16:30 - 18:30 collaborative session with NOTSS (part 3) | S4 - 1 |
| <i>Workshop: Professional Development & Academic Pathway</i> 16:30 - 18:30 Clinical viva-voce (part 2) | S4 - 2 |
| <i>Workshop: PAD Pathway</i> 16:30 - 18:30 Endovascular Toolkit and Access, cross-over and safe navigation in the arterial tree (BASIC) | S4 - 3 |
| <i>Workshop: Diagnostic Pathway</i> 16:30 - 18:30 AVF planning (BASIC) | S4 - 4 |
| <i>Social event</i> 18:00 - 19:30 Welcome Reception | S1 |

Thursday, 26. September 2024*ESVS Symposium*

08:00 - 08:55

S1

European Society of Vascular Surgery 2025 Guidelines on the Management of Diseases of the Mesenteric and Renal Arteries and Veins**Median Arcuate Ligament Syndrome**

08:00 - 08:13

Acute Mesenteric Ischaemia

08:13 - 08:26

Visceral and renal artery aneurysms

08:26 - 08:39

Renovascular disease

08:39 - 08:52

ESVS Symposium

08:00 - 09:25

S2

Transatlantic Session Comparing ESVS and SVS Guidelines*E-poster Session*

08:00 - 09:00

POSTER AREA

e-Poster Session*Workshop: PAD Pathway*

08:00 - 10:00

S3 - A

Endovascular treatment of calcified & CTO fem pop lesions (INTERM./ADVANCED)*Workshop: Aortic Pathway*

08:00 - 10:00

S3 - B

Essentials in BEVAR (ADVANCED)*Workshop: Dialysis Pathway*

08:00 - 10:00

S4 - 1

Open AVFistula basic*Workshop: PAD Pathway*

08:00 - 10:00

S4 - 2

CERAB (ADVANCED)*Workshop: Aortic Pathway*

08:00 - 10:00

S4 - 3

EVAR step-by-step (BASIC)*Workshop: Diagnostic Pathway*

08:00 - 10:00

S4 - 4

Carotid duplex (BASIC)*ESVS Symposium*

09:00 - 09:55

S1

Genetic Aortopathy and Aortic repair**Genetic aortopathy: how genotype influences surgical decision making**

09:00 - 09:00

| | |
|--|---------------|
| Natural cause of genetic aortic syndromes | 09:00 - 09:00 |
| Ascending aorta | 09:00 - 09:00 |
| Aortic arch | 09:00 - 09:00 |
| Thoracoabdominal aorta | 09:00 - 09:00 |
| <i>E-poster Session</i> 09:00 - 10:00 | POSTER AREA |
| e-Poster Session | |
| <i>Coffee break</i> 10:00 - 10:30 | S1 |
| Coffee Break | |
| <i>ESVS Symposium</i> 10:30 - 11:55 | S1 |
| Best Papers From International Journals | |
| <i>ESVS Symposium</i> 10:30 - 11:25 | S2 |
| ESC - ESVS Joint Session: the Vascular Surgeon and Cardiologist - Hottest Topics and Latest Innovations | |
| Type B dissection - together is better | 10:30 - 10:45 |
| AF and Carotid stenosis with symptoms | 10:45 - 11:00 |
| Case presentation: Patient who sustained severe iliac complication during TAVI | 11:00 - 11:17 |
| Lecture: How to avoid iliac artery complications during TAVI-procedure | 11:17 - 11:25 |
| <i>E-poster Session</i> 10:30 - 11:30 | POSTER AREA |
| e-Poster Session | |
| <i>ESVS Symposium</i> 11:30 - 12:25 | S2 |
| Surgery, Stenting or Medical Treatment? The Evidence, the Arguments and the Trials We Need | |
| Summary of the evidence - CEA, CAS, Medical treatments | 11:30 - 11:36 |
| We need to include New Stent designs - they have better results | 11:36 - 11:42 |
| We need trials on symptomatic patients as well as asymptomatic | 11:42 - 11:48 |
| we must include TCAR! | 11:48 - 11:54 |
| Don't forget Surgery - the results are improving | 11:54 - 12:00 |
| So here's the trial(s) we need.... | 12:00 - 12:10 |
| Discussion | 12:10 - 12:25 |

E-poster Session

11:30 - 13:00

POSTER AREA

e-Poster Session*ESVS Symposium*

12:00 - 12:25

S1

Innovation Will Change Everything in Vascular Surgery**Innovation will change everything in vascular surgery: FOR**

12:00 - 12:12

Innovation will change everything in vascular surgery: AGAINST

12:12 - 12:24

Honorary Lecture

12:30 - 12:55

S1

Nikolai Volodos Honorary Lecture*Lunch break*

13:00 - 14:00

S1

Lunch Break*ESVS Symposium*

14:00 - 15:25

S1

Breaking News in Clinical Trials**Meta-analysis BASIL-2 & BEST-CLI**

14:00 - 14:18

Reduction in the risk of major and minor amputations after surgery versus endovascular intervention in patients with CLTI: The BEST-CLI Trial

14:18 - 14:31

BASIL-3

14:31 - 14:41

ACTION-1

14:41 - 14:54

ACST-2

14:54 - 15:07

UK COMPASS Study

15:07 - 15:20

Updates on: VASCUL-AID, WARRIORS, SUNDAY, EARNEST, InterceptEVAR

15:20 - 15:25

ESVS Symposium

14:00 - 14:56

S2

State of the Art Treatment of Superficial Venous Disease**The Saptap trial - how do we choose when to ignore truncal reflux and what are the consequence?**

14:00 - 14:14

Should we treat non-refluxing veins to prevent recurrence?

14:14 - 14:28

The sooner the better: How EVRA changed my practice in a cost-effective manner

14:28 - 14:42

Time to treat superficial vein thrombosis: what the INSIGHTS-SVT has not told us

14:42 - 14:56

E-poster Session

14:00 - 15:00

POSTER AREA

e-Poster Session*Workshop: PAD Pathway*

14:00 - 16:00

S3 - A

Advanced Endovascular treatment for multiple complex lesions (iliac until the foot) (ADVANCED) 1 of 2*Workshop: Aortic Pathway*

14:00 - 16:00

S3 - B

Essentials in FEVAR (ADVANCED)*Workshop: Venous Pathway*

14:00 - 16:00

2.018

How to optimize treatment of deep venous system - acute and chronic lesions (INTERM./ADVANCED)*Workshop: Dialysis Pathway*

14:00 - 16:00

S4 - 1

Open AVFistula complex*Workshop: Crosscutting*

14:00 - 16:00

S4 - 2

Practical Advice: How to implement guidelines of radiation protection*Workshop: Diagnostic Pathway*

14:00 - 16:00

S4 - 3

Ultrasound-guided puncture and safe closure (BASIC/INTERM.)*Workshop: Diagnostic Pathway*

14:00 - 16:00

S4 - 4

AAA and EVAR-surveillance (BASIC/INTERM.)*ESVS Symposium*

15:00 - 15:55

S2

Navigating Nightmares: Coping with Unforeseen Challenges in Vascular Surgery**TEVAR out of control**

15:00 - 15:06

Sued

15:06 - 15:16

Who should I call in the middle of the night?

15:16 - 15:26

Together we can!

15:26 - 15:36

Choosing between cholera and the plague

15:36 - 15:48

E-poster Session

15:00 - 16:00

POSTER AREA

e-Poster Session*Examination*

15:00 - 16:00

2.015

CCVUS part 1

Coffee break

16:00 - 16:30

S1

Coffee Break*ESVS Symposium*

16:30 - 17:55

S1

DFU and CLTI-Session: So Many Revascularisation Options! Which One To Choose and What Does the Evidence/Guidelines Say?**Case 1**

16:30 - 16:30

Case 2

16:30 - 16:30

Case 3

16:30 - 16:30

Case 4

16:30 - 16:30

ESVS Symposium

16:30 - 17:55

S2

Thoracic Aortic Roundtable: Another Intentionally Controversial Discussion**Is there a correct complex aortic threshold for planning a vascular service**

16:30 - 16:45

The durability of TEVAR for aneurysmal disease - does it stand up to challenge?

16:45 - 17:00

Management of the false lumen in chronic type B dissection-choosing the optimum strategy

17:00 - 17:15

Branched endografts for the left subclavian artery- do they offer value for money?

17:15 - 17:30

The timing of transection treatment and how to optimise outcomes

17:30 - 17:45

E-poster Session

16:30 - 18:00

POSTER AREA

e-Poster Session*Workshop: PAD Pathway*

16:30 - 18:30

S3 - A

Advanced Endovascular treatment for multiple complex lesions (iliac until the foot) (ADVANCED) 2 of 2*Workshop: Aortic Pathway*

16:30 - 18:30

S3 - B

Hostile proximal neck: ChEVAR (ADVANCED)*Workshop: Dialysis Pathway*

16:30 - 18:30

S4 - 1

Endovascular arteriovenous fistula creation*Workshop: Professional Development & Academic Pathway*

16:30 - 18:30

S4 - 2

Statistics for surgeons

Workshop: Venous Pathway

16:30 - 18:30

S4 - 3

Minimally invasive treatment of CVI & Aesthetic phlebology: MOCA, sclerotherapy (BASIC/INTERM.)

Examination

16:30 - 18:30

S4 - 4

CCVUS examination part 2

Friday, 27. September 2024*ESVS Symposium*

08:30 - 09:55

S1

Exploring Frontiers: Innovations and Unmet Needs in Vascular Surgery

| | |
|--------------------|---------------|
| PAD | 08:30 - 08:30 |
| Access | 08:30 - 08:30 |
| Aorta | 08:30 - 08:30 |
| Carotid | 08:30 - 08:30 |
| Deep venous | 08:30 - 08:30 |

EVST Session

08:30 - 09:55

S2

European Vascular Surgeons in Training CUP*Coffee break*

10:00 - 10:30

S1

Coffee Break*ESVS Symposium*

10:30 - 11:55

S1

European Society for Vascular Surgery 2025 Clinical Practice Guidelines on the Management of Vascular Trauma

| | |
|--|---------------|
| Introduction to vascular trauma guidelines | 10:30 - 10:44 |
| The evidence for technical skillsets required for vascular trauma surgery | 10:44 - 10:58 |
| Timing and operative management of blunt thoracic aortic injury | 10:58 - 11:12 |
| How do we best manage abdominal vascular trauma? | 11:12 - 11:26 |
| Diagnostics and management of extremity vascular trauma | 11:26 - 11:40 |
| Summary | 11:40 - 11:54 |

ESVS Symposium

10:30 - 11:55

S2

Big Debates

| | |
|--|---------------|
| The 2-week CEA target for symptomatic carotid patients is outdated - evidence-based treatments is now achievable | 10:30 - 10:30 |
| For | 10:30 - 10:30 |
| Against | 10:30 - 10:30 |
| Invasive treatment for acute Pelvic DVT is over treatment, expensive and seldom leads to better results - conservative treatment should still be the standard | 10:30 - 10:30 |
| For | 10:30 - 10:30 |

| | |
|--|---------------|
| Against | 10:30 - 10:30 |
| Trials to treat CLTI - can Healthcare policy advance with such confusing results? | 10:30 - 10:30 |
| For | 10:30 - 10:30 |
| Against | 10:30 - 10:30 |
| Nutcracker syndrome - real or imagined | 10:30 - 10:30 |
| For | 10:30 - 10:30 |
| Against | 10:30 - 10:30 |
| <i>General Session</i> 12:00 - 12:30 | S2 |
| Prize ceremony ESVS & UEMS | |
